CREATE LIGHTWEIGHT INSPIRE ANTICIPATE PLAY

The children's program by Hindsgaul® Mannequins is diverse and exclusive. The program contains a broad selection of both stylistic and naturalistic mannequins in sizes from toddlers to tweens. The series can help create a fun and inspiring shop environment for the customers.

The mannequins are developed by Danish designers and produced in the highest quality. The positions offer many opportunities and gives the option of both a group display and a display with a single mannequin. The mannequins are young and playful, and yet sophisticated.

The naturalistic mannequins can be styled with wigs designed by our Danish hairdressers. When it comes to wigs only the imagination sets the limits. We offer a wide selection from our wig program, but we are also experts in customized wigs!
